

Partner Profile – Corporate Practice Group

Firm Overview

Formed in 1999, Levenfeld Pearlstein (“LP”) was born of the desire to create a different kind of law firm, one driven to succeed through well-honed and entrepreneurial business sense and governed by the values that guide its attorneys in their private lives. At LP, we focus on building business relationships with clients as trusted strategic advisors, not just as lawyers. Our attorneys understand the need for responsive counseling, quality representation, and practical solutions to legal, tax, and business concerns. We strive to understand our clients’ business and risk thresholds so that we can be an active participant in satisfying their legal needs. We do not “over-lawyer.”

The Corporate Practice Group represents business organizations ranging from entrepreneurial operated mid-sized companies to large national and global companies. Our lawyers provide day-to-day general counseling to help clients understand and solve complex legal, tax, and business issues at every stage of representation. The firm’s unique investment in technology, people, and other firm resources has brought repeated success to its lawyers in growing their practices.

The Opportunity

We are currently seeking an experienced Partner-level attorney or small practice group with portable business in the range of \$1 to \$3 million to join our sophisticated and growing Corporate Practice Group. The target candidate will have a strong middle-market client base and experience handling a variety of corporate transactions and issues including acquisitions, sales, mergers, restructurings, and governance issues. The candidate’s practice would compliment the firm’s existing practice and expand our depth of offerings to our clients and potential clients.

This is an outstanding career opportunity for a partner seeking an entrepreneurial, collegial environment with attorneys that believe in a tenacious, yet practical approach to representing their clients. We also offer a competitive compensation and benefits package.

Qualifications/Skills Required

- Superior academic credentials including a J.D. from a well-respected law school
- Significant background and experience in corporate law
- Experience in counseling clients on business issues
- Superior communication skills
- Excellent interpersonal skills, with an ability to interface with colleagues and clients at all levels, by virtue of professional competence, integrity, and personal style
- A significant and demonstrated commitment to responsive service to both internal colleagues and external clients
- A hands-on, practical approach to the practice of law
