LP's IP Group represents a wide range of clients, from large, multinational corporations to independent inventors and from established, well-known companies to newly formed start-ups.

The IP Group provides our clients with a broad range of patent, trademark, copyright, trade secret, licensing and transactional services. Our attorneys work closely with our clients to identify protectable IP, develop IP strategies, obtain IP protection, implement IP best practices, enforce IP against infringers, and reduce the risk of infringing third party IP. Our attorneys also are skilled in the transfer (acquisition and disposition) and licensing (inbound and outbound) of IP rights.
