## Corporate Social Responsibility / Sustainability

At Levenfeld Pearlstein, we believe that doing right and doing well are inseparable, and, that it's our obligation to help others do what they do best. Our commitment to corporate social responsibility/sustainability is serious and reflects our values and culture as a law firm. Our goal is to make a difference for our customers, in our community and on behalf of the individuals and organizations that are leading the way.

As with our law services and our people, we know that maintaining focus is critical. LP strives to work where our time, talent and resources can make a real difference. Knowing our strengths and finding the right way to put them to work has been one of the keys to our success. Our commitment to social responsibility is no different.
