Jeff Friedman is a partner in the Real Estate and Finance Practice Group, where he works with clients across a broad spectrum of commercial real estate transactions and distressed property situations. Institutional and entrepreneurial owners and investors call on Jeff for help with their property acquisitions and dispositions, and for his leasing, management and development expertise. In all situations, no matter how big or small, Jeff dedicates himself to success because he understands that every real estate challenge can feel like do or die, especially in today's climate.

Jeff partners with his clients so that they can rest easier at night knowing that he is working to resolve the obstacles they face. He cares deeply about the people for whom he works and has built a reputation for dedicating himself fully to their matters. He does it all with both a sense of humility and humor.

What success looks like for Jeff:

- Handling all aspects of several national retail portfolios including acquisition, disposition, and leasing
- Handling downtown Chicago, West Loop, and River North office, retail, and amenity leasing for several firm clients
- Assisting a pro bono client in her lifelong dream of opening a restaurant featuring Southern home-style cooking
