

# Levenfeld Pearlstein: Legal Solutions That Meet Athletes Where They Are

At LP, we understand that today's athletes are more than competitors—they're brands, businesspeople, and philanthropists. Our cross-disciplinary team provides tailored legal counsel to help athletes protect their wealth, seize opportunities, and build lasting legacies.

## It started with a single pitch.

What began as a conversation about estate planning quickly evolved into something more—because we didn't just bring technical skills to the table, we built trust. That relationship grew beyond the initial scope to include reviewing endorsement deals, evaluating investments, advising on charitable efforts, and supporting long-term business strategy.

And it hasn't stopped since.

### WHAT WE DO:

- **Trust & Estate Planning**  
Wealth structuring, asset protection, charitable planning, family governance
- **Corporate Transactions**  
Vetting and documenting investment opportunities, joint ventures, and business deals
- **Endorsement & NIL Agreements**  
Appearances, sponsorships, and social media deals—from negotiation to compliance
- **Securities & Fund Work**

### OUR PHILOSOPHY: REPRESENTATION IS A TEAM SPORT.

Just like our clients succeed through teamwork on the field, our approach off the field is no different. We work hand-in-hand with each athlete's broader team—agents, financial advisors, accountants, and staff—to deliver seamless support. We know our role, we stay in our lane, and we execute with precision.
