"What truly sets LP apart is its people. When I was a summer associate, it was evident that the people here were immensely talented, generous, and committed to making the firm an outstanding place to grow. As a summer associate, you'll have the opportunity to learn from a group of brilliant attorneys."

AWARD-WINNING CULTURE. REAL IMPACT. YOUR STORY STARTS HERE.

Pro Bono: LP believes that law firms have a responsibility to actively encourage attorneys to participate in pro bono work. This commitment is fundamental to our identity and reflects the LP Way.

Grant Partners: Social impact is one of our core values. It continues to guide us as we grow and evolve. We are grateful for the contributions our grant partners make in the community: Catholic Charities Human Services Programs, Cristo Rey Jesuit High School's Corporate Work Study Program, the Greater Chicago Food Depository's Job Training Programs, and Jewish United Fund.

Civic Charitable Support: Many organizations in the Chicagoland area are doing immense good. In addition to our grant partners, LP's team members personally support many charities, non-profits and civic organizations by holding leadership positions or by giving a substantial amount of their time to them.

To strengthen connections within our team and with our community partners, LP organizes an annual Day of Service at the Greater Chicago Food Depository. Together, LP team members repacked 13,968 pounds of food, enabling the GCFD to provide 11,640 meals to those in need. Volunteer-led repack sessions at the GCFD warehouse play a vital role in supporting the organization's daily impact.

"The attorneys and staff invested in my growth through engaging assignments, practical skill-building, and clear, timely feedback. The combination of engaging work and supportive people made the summer associate program invaluable to my professional development."
